## Petit Chablis

*Tasting notes:* Very pale yellow in colour, with hints of green.

A clean nose, with initial white flower notes, progressing to yellow fruit. Rich on the palate, with a fine roundness which develops into fresh citrusy notes, with a good fruity length. A refreshing wine, ideal as an aperitif and with charcuterie.

A wine to savour

## Chablis

*Tasting notes:* Yellow in colour with bright green highlights.

A complex nose with initial white flower notes followed by fruitier mineral notes which are discernible but not overt.

Well-structured on the palate, with good volume, incorporating a fine sustained tart edge. The overall effect is elegant and crisp.

A dining wine which is perfect with fish and seafood.

## Chablis Premier Cru « Montée de Tonnerre »

*Tasting notes:* A clear, glossy, pale yellow colour.

A very subtle and expressive nose, combining floral notes and hints of citrus and menthol.

Rich on the palate, ranging from white fruit to mineral notes. A young wine which will benefit from ageing, but is beautifully balanced.
